

Hinweis:

Luftenschlüsse innerhalb der Klebefläche stellen keinen Reklamationsgrund dar, solange die Funktion des Profils nicht beeinträchtigt wird.

Advice:

Entrapped air within the adhesive area does not constitute a reason for complaint as long as the function of the rail is not affected. *sous réserve de modifications techniques*

Avis:

Les bulles d'air à l'intérieur de la surface adhésive ne constituent en aucun cas un motif de réclamation dans la mesure où cela n'altère pas le fonctionnement du profilé.
